Transworld's Mission:

The Mission of Transworld's ESL program is to provide quality instruction in English language to non-native speakers of English to enable them to increase their ability to comprehend and communicate in English language and to use it in their lives and education.

ESL Program:

We asked you what you wanted in an English language course and you told us.

You want a clearly structured program that allows you to identify your individual language needs and provides you with the appropriate learning methods and tasks to help you improve and excel. You want to be challenged without being overwhelmed, and although you are willing to work hard, you want your lessons to be interesting and fun. You need to learn a lot quickly, but you also want time to relax, make friends, and enjoy the city. You would like quality instruction in attractive surroundings at a cost that you can afford. You have serious language goals for future study and work and you are looking for a program that will ensure your success.

Transworld has designed a highly effective program that combines language immersion focused on speaking and listening skills with a comprehensive foundation in grammar and vocabulary. We present you with a variety of learning techniques, materials and activities that appeal to your individual learning style, level and interests. In addition to your core classes, you can choose elective classes in Pronunciation, Idioms, TOEFL® Preparation, TOEIC, IELTS and Cambridge Examination Preparation, Academic and University Skills, Business English, Creative Writing and American Culture, Theater and Film. An enormous advantage of Transworld's unique program is that you have the opportunity to team up with our American native-speaker students to practice your English communication skills in realistic everyday situations.

You will take a placement test on your first day of school and meet with an advisor to discuss which type of course and level best suits your study needs. You and your teacher will work in partnership to keep your progress on track and ensure maximum program rewards. You will take a test at the end of your course and receive a Transworld Certificate detailing your English language proficiency.

Our dedicated support staff is available to assist you with pre-departure information and preparation, and course choices, accommodation and after class activities once you are here. We also provide expert university and college placement advice and application assistance, and can arrange unpaid internship positions in local businesses to give you valuable work experience.

Application Process and Visa Information

All international students studying in the USA must have an F-1 Student Visa. Transworld Schools is authorized by Federal Law to issue a Certificate of Eligibility for the I-20 Form for the F-1 Student Visa. Transworld provides a personal admissions service for all students. If you have any specific visa or travel related questions or concerns [please email us](#).

If you wish to transfer into Transworld from another program, please contact us for a Transfer Form. If you wish to change your status to F-1, we can assist you with filing the application.

Where to Start

1. Submit a completed Transworld Application Form for ESL
2. Pay the application fee and course tuition
3. Provide evidence that you have sufficient funds to cover your full course of study plus living expenses while enrolled in your Transworld program (Tuition plus living costs of a minimum of \$1000 for each month of study)
4. Submit your High School Diploma, University Degree, or English Language School Certificate or transcript.

Qualifying for a Student Visa

Once Transworld has issued you with a Certificate of Eligibility/I-20 form, you will need to make an appointment with the American Embassy or Consulate in your country of residence. Although it is possible to apply for a visa in another country, the visa application process is usually easier in your country of residence. You will need to schedule sufficient time to apply for your visa before leaving your country. All applicants should be prepared to provide pertinent documents such as academic records, financial information and personal background information when being interviewed by the consulate.

When You Arrive in the USA

When you arrive in the USA (at the airport or border), you must show your I-20 Form to the Immigration Officer. Immigration will stamp your I-20 and staple an I-94 form (Arrival-Departure Record) into your passport. You will need to bring these documents to Transworld on your first day. The Admissions Officer will make copies of them for your student file.

Remember, your student visa requires that you study not less than 18 hours per week. This means that you need to maintain good attendance. If you are unable to attend a class for any reason or have any immigration questions, you should inform the Transworld staff.

If you feel that you are the victim of sexual harassment, you should report any such incident to the School Director or to the staff member of your choice. All reports of sexual harassment received by Transworld

Schools will be investigated in a completely confidential manner. Any student or staff member who is found to have sexually harassed other students or staff members will be dismissed.

(7) Student Records

All student records and student transcripts are kept in the administrative offices at Transworld Schools for five years. Transworld keeps transcripts permanently, and all other student records for not less than 5 years. You may access your student file. All student files are confidential and Transworld Schools is not able to release any information regarding an individual student without that student's written permission.

(8) Transfer of Credits

No credit hours are awarded for ESL courses and Transworld Schools does not accept transfer of credits from other schools or programs for ESL courses. There are no transfer or articulation agreements between Transworld Schools and any other college or university and no articulation agreement that provides for the transfer of credits earned in the program or instruction.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION.

The transferability of credits you earn at Transworld Schools is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in ESL is also at the complete discretion of the institution to which you may seek to transfer. If the certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting the institution to which you may seek to transfer after attending Transworld Schools to determine if your certificate will transfer.

9) Student Tuition Recovery Fund (STRF)

The Bureau for Private Postsecondary Education (BPPE) is not currently (2017) collecting student's non-refundable contribution to the Student Tuition Recovery Fund (STRF), which is calculated as \$.0 per \$1000 of tuition paid if the student is eligible to contribute to STRF.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the ACT.

The student must provide written notice of cancellation to the school, and if mailed in, becomes effective as of the postmark if properly addressed with proper postage.
- (2) After the end of the cancellation period, you also have the right to withdraw from the school at any time, and you have the right to receive a refund for the part of the course not taken. REFUND POLICY

Refund During Cancellation Period

A student is allowed to cancel an agreement for a course of instruction and obtain a refund of charges paid (less the non-refundable \$100 application fee and the STRF contribution) through attendance at the first class session, or the seventh day after enrollment, whichever is later, including any equipment or other goods and services included in the agreement. The student is advised that a notice of cancellation shall be in writing, and that a withdrawal will be effectuated by the student's written notice or by the student's conduct, including but not necessarily limited to, a student's lack of attendance. If mailed in, the cancellation note becomes effective as of the postmark if properly addressed with proper postage.

Refund After Cancellation Period

If a student withdraws after seven (7) business days where the first day is the first day class was attended, the student is entitled to only a partial refund. The student has the right to withdraw from school at any time and receive a refund for that part of the course not taken, for which the student has paid. The amount of that refund is to be "100% pro-rated" which means that the student is refunded for all classes paid for but not taken after the point of last date of attendance (LDA) from the course. The refund is to be paid within thirty (30) days of withdrawal and a refund notice is to be sent to the student.

Refund Example

The following is an example of refunds and amounts. The 20-Week Intensive English Course costs \$2000 and meets for 400 clock hours. There is no special equipment for this course. There is an additional \$30

non-refundable charge for materials. There is an additional \$100 non-refundable application fee. If the student has paid for the course in full (\$2000) and withdraws after completing 200 hours of instruction, or 50% of the course, the student will receive 50% of the tuition as a refund (\$1000).

Tuition Payment

A \$100 non-refundable Application Fee is due 4 weeks prior to the course start date (later when applications are accepted less than a month prior to course start date). The tuition is due in full on the first day of the course. Students may not pay in payments and failure to pay tuition on the first day of the class will result in exclusion from the class until tuition is paid. Transworld Schools treats all students fairly and equitably relative to tuition, other charges, and refunds.

Student Tuition Recovery Fund

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Student Complaint Procedure

If you experience any problems at Transworld Schools, you should tell an instructor or the School Director. The school will give you a written response to your complaint within 10 days. If the complaint or relief requested by you is rejected, the reasons for the rejection should be written in the response. Your participation in the complaint procedure and the disposition of the complaint must not limit or waive any of your rights or remedies. Any document signed by you that purports to limit or waive your rights and remedies is void.

If you have any complaints, additional questions regarding the catalog or addendum that the school has not satisfactorily answered by the institution, or problems that you cannot work out with the school, write or call: Bureau of Private Postsecondary Education by calling (888) 370-7589 toll-free, by fax (916) 263-1897, by completing a complaint form, which can be obtained on the Bureau’s internet website www.bppe.ca.gov, or by writing to the Bureau of Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA, 95833 and/or by contacting ACCET at 1722 N. Street, NW., Washington, DC 20036. Telephone: (202) 955-1111
